

Empowering Global Supply Chains

ARGOX: Proven Printing Solutions for Modern Industry

Global Reach:
Validated across
international markets

Versatile Engineering:
Purpose-built for
diverse industrial and
commercial applications

**Reliable
Partnership:**
A SATO Company

The Four Pillars of Global Deployment

Engineered for Every Dimension of the Modern Economy

Pillar 1: Logistics

Environment: High-volume distribution centers and fast-paced warehousing.

Tech Focus: Rugged reliability and speed.

Pillar 2: Retail

Environment: Dynamic storefronts, POS, and inventory management.

Tech Focus: Compact footprint and seamless integration.

Pillar 3: Manufacturer

Environment: Assembly lines and heavy industrial production.

Tech Focus: Precision, durability, and high-capacity output.

Pillar 4: Health Care

Environment: Hospitals, clinics, and pharmaceutical distribution.

Tech Focus: Absolute accuracy, hygiene, and patient safety.

iX4 Series

The Industrial Standard for High-Volume Reliability

**iX4-200 Pro, iX4-250 Pro,
iX4-350 Pro, iX4-280/380**

Industrial Printing Performance

Croatia

**Health Care & Wholesale
(Fero-Term, Medical
Intertrade) — Product
labeling.**

South Africa

**Public Transport (Prasa)
— Infrastructure printer
replacement.**

Turkey

**Manufacturing & Heritage
(Toyota Factory,
Dolmabahce Palace) —
Industrial and washing
labels.**

Malaysia & Indonesia

**Retail & Logistics
(D.I.Y.) — Price tags and
package labeling.**

iX6 Series

Wide-Format Precision for Heavy Industry

Models: iX6-250 Pro

Extended Width Industrial Printing

South Africa

Heavy Logistics & Automotive

Application: Wheels Pallet Labeling.

Impact Statement: Trusted in extreme logistics environments where wide-format clarity is non-negotiable for supply chain tracking.

CP-EX Series

Compact Performance for Specialized Environments

Models: CP-2140EX Pro, CP-3140EX Pro

Desktop Thermal Transfer

Italy

Healthcare Laboratory
(Bianalisi Laboratory) —
Critical test tube tracking.

Kazakhstan

Heavy Industry (Mining Company) —
Durable item labeling for rugged
environments.

Turkey

Boutique Retail — High-resolution
sunglass price tags.

D2 Series

Ultra-Compact Efficiency for Frontline Operations

Models: D2-250 Pro

Space-Saving Desktop Direct Thermal

Global Validation

Thailand

Health Care (Chulalongkorn Hospital) – Patient ID wristbands.

Taiwan

Clinical & Fast Retail (Louisa Coffee) – Document labeling and high-speed coffee takeout labeling.

Turkey

Medical Administration – Tube and document tracking.

04 Series

High-Capacity Desktop Architecture

Models: 04-250 Pro

Advanced Desktop Routing

Global Validation

Philippines

Enterprise Logistics (SM Mall) — Massive-scale warehouse product labeling.

South Africa

Health Care Retail (Clicks) — National pharmacy chain labeling.

Thailand

Public Sector (Thai Custom) — Secure procurement management operations.

D4-250 Series

Optimized for High-Speed Logistics

Models: D4-250 Pro

**Fast-turnaround
Direct Thermal**

Global Validation

Bulgaria

Courier company (Speedy Logistic Center) — Core parcel and logistics routing.

South Africa

Agricultural Export — Specialized fruit packaging and traceability.

D4-280 plus Series

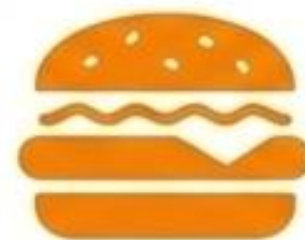

Next-Generation Linerless Technology

Models: D4-280 plus (Linerless)

**Eco-Efficient
Direct Thermal**

Global Validation

Spain

Global QSR (Burger King) —
High-volume take-out order
processing.

New Zealand

Premium Export (Mr. Apple
Packhouse) — High-volume
carton labeling without liner waste.

OS-214EX Series

Uncompromising Reliability for Secure Data

Models: OS-214EX Pro

Secure Desktop Thermal

Location: Poland

Sector: Federal Law Enforcement (Polish Police Department)

Application: Secure Evidence & Documentation.

Impact Statement: Selected by national security departments for the fail-safe printing of critical documentation files and evidence tracking.

P4 Series

The Ultimate Commercial Workhorse

Models: P4-250 Pro, P4-350 Pro,
P4-650 Pro

**High-Fidelity
Industrial Desktop**

Global Validation

Malaysia

Global QSR
(Pizza Hut) —
Precision food
labeling.

Singapore

Advanced Tech
(Lionsbot Factory) —
Product ID labeling for
autonomous robotics.

Italy

Health Distribution
(Comifar) —
Medical document
management.

Kazakhstan

Retail Production
(Lentri) — Specialized
fabric tape and satin
ribbon printing.

CP-2240 Series

Seamless Supply Chain Integration

Models: CP-2240 Pro

**High-Capacity
Desktop Transfer**

Global Validation Grid

Location: Indonesia

Sector: JNE (Express Delivery and Logistic Company)

Application: Massive-scale package labeling.

Impact Statement: Deploying rapidly across Southeast Asia's booming logistics networks to handle intensive daily shipping volumes with zero downtime.

CP Series

Purpose-Built for Healthcare Precision

Hardware Anchor

Models: CX-2040 Pro

Clinical Desktop Thermal

Global Validation Grid

Thailand

Clinical Care (Phunphin Hospital) —
Critical drug and medicine labeling.

Malaysia

Patient Intake (Tengku Ampuan
Rahimah Klang Hospital) — High-
volume registration counter processing.

AIP Series

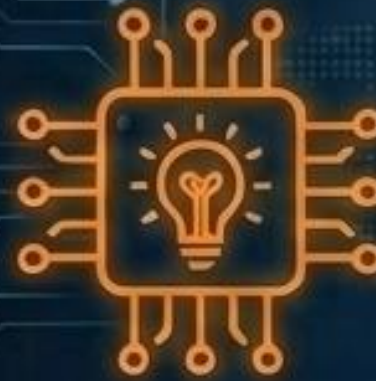

The Next Generation of Industrial Intelligence

Models: AIP

**Smart Industrial &
AI-Ready Platforms**

Global Validation Grid

Global Deployment Advanced Automation

Application: Next-tier warehouse automation and heavy-duty manufacturing.

Impact Statement: Equipping our global distributors with state-of-the-art smart interface technology, designed to integrate seamlessly into Industry 4.0 and advanced IoT manufacturing environments.

Global Trust. Local Success.

Partnering for the Future
of Smart Connectivity

**Empowering
Your Market:**
Comprehensive
product series
proven in every
vertical.

**Unmatched
Reliability:**
A legacy of
engineering
excellence.

**Your Growth
Engine:**
Deliver world-
class SATO-
backed
technology to
your clients.

ARGOX
